News article in the Manila Standard Today.com

Dear Madam:

We reply to your email dated December 3, 2013 with regard to the attached news article entitled: "Alsons Zamboanga City power plant faces delay" posted in the *Manila Standard Today.com* on December 3, 2013, which reported, among others, the following:

"Alsons Consolidated Resources Inc., said the construction of its 105-megawatt San Ramon coal-fired power plant in Zamboanga City is facing delay in the (sic) by six to 12 months amid concerns on the "normalization" of the city following a siege by rebels early this year.

Zamboanga City suffered from an armed conflict on September 9 when members of the Moro National Liberation Front took around a hundred people hostage to push its secession demands. The siege ended on September 28, but the clash displaced some 100,000 people.

"The Zamboanga project is a bit delayed because of banks' concerns for normalization of city and rehab of Zamcelco distribution. Might be six to one year delay," Alsons executive vice president Tirso Santillan Jr. said. The company had scheduled project construction late this year."

....

We confirm the information written in the above-mentioned article, except we wish to state that we are constantly monitoring the situation in Zamboanga and have therefore not yet finalized any changes to the project construction schedule.

We hope this clarifies the information contained in said article.

Very truly yours,

ALSONS CONSOLIDATED RESOURCES, INC.

Alsons Consolidated Resources, Inc. 9-month Income Surges 52% to P363.3 Million

In a disclosure to the Philippine Stock Exchange (PSE), Alsons Consolidated Resources, Inc. (ACR) – the publicly-listed company of the Alcantara Group, reported a 52% rise in net income attributable to the parent for the first three quarters of 2013, to P363.3 Million from P239.6 Million in the same period for 2012. Consolidated net income for the period was up 6% to P793.1 Million from P747 Million in the first three quarters of 2012.

Revenues from continuing operations grew by 42% for the first 9 months of 2013 to P2.34 Billion from P1.65 Billion in the same period last year coming mainly from the new revenue contributions of the Mapalad Power Corp. (MPC), which began operating in the first half of 2013. MPC is the newly refurbished 98 Mega Watt (MW) diesel facility in Iligan City that was very recently acquired and rehabilitated with a total capital outlay of P1.3B.

Earnings per share were at P0.058 in the first three quarters of 2013 as against P0.038 for the first three quarters of 2012.

Management forecasts show that the company will end the year with total revenue amounting to P4.2 Billion, 12% higher than budget, and a net income attributable to the parent of P661.8 Million also around 12% higher than budget.

ACR's power generation and power plant management subsidiaries were the biggest contributors to the company's revenue growth. Energy fees earned by ACR's Mindanao-based diesel power facilities were up 45% in the first 9 months of 2013 to P2.31 Billion from P1.59 Billion in the same period last year. ACR's currently-operating power generation facilities are: the Southern Philippines Power Corporation's (SPPC) 55 MW plant in Alabel, Sarangani, the 100 MW Western Mindanao Power Corporation (WMPC) plant in Zamboanga City, and the 98 MW Mapalad Power Corporation (MPC) plant in Iligan City. The MPC Iligan diesel plant completed its rehabilitation and reached its full 98 MW capacity ahead of schedule on September 2013. All three power facilities have contributed to alleviating the power shortage in Mindanao.

Apart from the diesel power plants, ACR is also developing coal-fired power facilities to help provide a stable source of baseload power for Mindanao and ensure long-term power security for the island. These facilities are: the 105 MW San Ramon Power, Inc. (SRPI) plant in Zamboanga City and the 210 MW Sarangani Energy Corporation (SEC) plant in Maasim, Sarangani. The first 105 MW section of the SEC plant is currently under construction and will begin operating in 2015. ACR owns 75% of SEC with 25% equity held by Toyota Tsusho Corporation (TTC).

The Alcantara Group, through its other subsidiaries aside from ACR, is also engaged in aquaculture and agribusiness, property development and services. It has been an active player in the economic development of Mindanao and the rest of the Philippines for over fifty years.

Aboitiz Land Acquires Alsons' 60% equity stake in LiMA Land, Inc.

Aboitiz Land, Inc. (Aland) a subsidiary of Aboitiz Equity Ventures, Inc. (AEV) has acquired Alsons Land Corporation's (ALC) 60% equity stake in Lima Land, Inc. (LLI). LLI owns and operates the LiMA Technology Center (LTC) - a 485 hectare business park in Lipa-Malvar, Batangas currently hosting 37 locators employing over 24,000 employees. ALC is a wholly-owned subsidiary of publicly-listed Alsons Consolidated Resources, Inc. (ACR). The remaining 40% equity stake in LLI is held by Japan's Marubeni Corporation.

Locators at LTC are engaged in various manufacturing pursuits ranging from automobile components and motorcycles to printers, plastic moldings, and LCD projectors. The industrial park is a designated Special Economic Zone of the Philippine Economic Zone Authority (PEZA) and locators to the LTC enjoy certain incentives such as income tax holidays and exemption from duties and taxes on imported capital equipment.

LiMA Land and its subsidiaries, LiMA Utilities Corporation and LiMA Water Corporation, known collectively as the LiMA Group, have been an important part of the Alcantara Group. The LiMA Group has made its mark in the industrial real estate market in the very competitive CALABARZON area. With the present boom in the industrial real estate industry, the Lima Group is perfectly positioned to take advantage of this market uptrend.

ALC's divestment from LiMA Land is in keeping with ACR's decision to make power generation in Mindanao and other key areas of the Philippines, the core focus of its business. Property development will remain a part of ACR's and the Alcantara Group's portfolio.

Both ACR and the AEV are confident that this agreement is in the best interests of the LTC's locators, employees, and the host cities of Lipa and Malvar. Both parties look forward to a smooth transition for the industrial park's new management and the new members of the board of directors.

Alsons Consolidated Resources, Inc. 1st Half 2013 Income Rises 66% on Revenue Growth of 12%

In a disclosure to the Philippine Stock Exchange (PSE), Alsons Consolidated Resources, Inc. (ACR) – the publicly-listed company of the Alcantara Group, reported a 66% rise in net income attributable to the parent for the first half of 2013, to P270.9 Million from P163.3 Million in the first half of 2012. Consolidated net income for the period was up 26% to P609.8 Million from P485.1 Million in the first half of 2012. The upsurge in ACR's consolidated net income was brought about by 12% growth in the company's total revenues for the first half of 2013 to P1.67 Billion from P1.49 Billion in the same period last year. The improved net income was aided by the booking of project development fees as other income coming from Sarangani Energy Corporation. Earnings per share were at P0.043 in the first half of 2013 as against P0.026 for the first half of 2012.

ACR also reports that it completed the purchase of the 40% ownership by Electricity Generating Public Company (EGCO) of Thailand in Conal Holdings Corporation on August 1, 2013.

ACR's power generation and power plant management subsidiaries were the biggest contributors to the company's revenue growth. Energy fees earned by ACR's Mindanao-based diesel power facilities went up 13% in the first half of 2013 to P1.18 Billion from P1.05 Billion in the same period last year. ACR's currently-operating power generation facilities are: the Southern Philippines Power Corporation's (SPPC) 55 Mega Watt (MW) plant in Alabel, Sarangani, the 100 MW Western Mindanao Power Corporation (WMPC) plant in Zamboanga City, and the newly revamped Mapalad Power Corporation (MPC) plant in Iligan City which began operating in the first half of 2013. The MPC plant in Iligan is presently generating 76 MW and will reach its full 98 MW capacity by the end of September 2013. All three power facilities have helped lessen the severity of the power shortage in Mindanao.

Apart from the diesel power plants, ACR is also developing two coal-fired facilities to help provide a stable source of baseload power for Mindanao and ensure long-term power security for the island. These facilities are: the 105 MW San Ramon Power, Inc. (SRPI) plant in Zamboanga City and the 210 MW Sarangani Energy Corporation (SEC) plant in Maasim, Sarangani. The first 105 MW phase of the SEC plant is currently under construction and will begin operating in 2015. ACR owns 75% of SEC with 25% equity held by Toyota Tsusho Corporation (TTC) - the trading company of the Toyota Group.

ACR-subsidiary LiMA Technology Center (LTC) in Malvar, Batangas- an industrial estate and joint venture with Japan's Marubeni Corporation, was the second largest contributor to total revenues with power and water utility sales to LTC locators surging 16% from P390.0 Million in the first half of 2012 to P452 Million in the first half of 2013.

The Alcantara Group, through its other subsidiaries aside from ACR, is also engaged in aquaculture and agribusiness, real property development and services. It has been an active player in the economic development of Mindanao and the rest of the Philippines for over fifty years.

Alsons Power's 13 Billion Peso Sarangani Energy Plant to Operate First 105 Mega Watt Phase by 2015

The Sarangani Energy Corporation (SEC) is on track to complete the first 105 Mega Watt (MW) phase of the 210 MW SEC coal-fired power plant in Maasim, Sarangani by September of 2015. Basic engineering and construction for the SEC plant began in June of 2012 and went into high gear with the official turnover of the construction site to the plant's engineering, procurement, and construction (EPC) contractor- Daelim Industrial Co. Ltd, (Daelim) of South Korea last February 8, 2013.

Clearing operations for the plant site were completed on 20 May 2013. Daelim and the SEC project team are currently preparing the power block area which will contain the SEC plant's core components – the circulating fluidized bed (CFB) boiler to generate steam from coal, and the steam-driven turbine generator that will produce the electricity.

Production of the SEC plant's state-of-the-art steam turbine generator is under way at the factory of Japan's Fuji Electric Co., Ltd. in Kawasaki, Japan. Fuji Electric is a leading manufacturer and designer of turbines and generators for thermal, geothermal, hydroelectric, and nuclear power plants.

The 13 Billion Peso SEC plant is intended to be part of a long-term solution to the current power shortage in Mindanao. The full 105 MW capacity of the plant's first phase has already been booked by various Mindanao power cooperatives including: the South Cotabato 2 Electric Cooperative, Inc. (SOCOTECO II), the Agusan Del Norte Electric Cooperative (ANEKO), the Agusan Del Sur Electric Cooperative, Inc. (ASELCO), and the Davao Del Norte Electric Cooperative, Inc. (DANEKO). 10 MW of the plant's second 105 MW phase has been booked by the South Cotabato I Electric Cooperative, Inc. (SOCOTECO-I). Phase Two of the SEC plant is expected to begin operating by 2016.

Alsons Consolidated Resources, Inc. (ACR) - the publicly-listed company of the Alcantara Group holds 75% equity in SEC while the remaining 25% is owned by Toyota Tsusho Corporation (TTC) - the trading company of the Toyota Group. Apart from the SEC plant, ACR is in the advanced stages of development for the 105 MW San Ramon Power, Inc. coal-fired power plant in Sitio San Ramon, Talisayan, Zamboanga City. ACR's other power subsidiaries include the Western Mindanao Power Corporation's 100 Mega Watt (MW) diesel plant in Zamboanga City, the Southern Philippines Power Corporation's 55 MW diesel plant in Sarangani Province, Mapalad Power Corporation's 98 MW Iligan Diesel Power Plant, and power plant operations and management company Alto Power Management Corporation.

News article in the Manila Standard Today.com

Dear Madam:

We reply to your email dated July 29, 2013 with regard to the attached news article entitled: "Alsons eyes partners in buying Thai stake" posted in the *Manila Standard Today.com* on July 29, 2013, which reported, among others, the following:

"Alsons Consolidated Resources Inc. is scouting for possible partners to assume the stake of EGCO International Ltd. In Conal Holdings Corp.

"We are entertaining possible partners but our priority now is to complete the EGCO transaction," Alsons executive vice president Tirso Santillan, Jr. said. EGCO International is a wholly-owned unit of Electricity Generating Public Co. Ltd. Of Thailand.

Santillan said Alsons, controlled by the Alcantara Group, hopes to complete its acquisitions of EGCO's 40-percent equity stake in Conal by next month. . . .

Santillan said Alsons was raising funds to finance the purchase and that it was in talks with United Coconut Planters Bank as the direct lender.

He said the company would finance the acquisition EGCO's stake through a "combination of debt and equity."

....

We confirm to all trading participants and the public that the statements made in the above-mentioned article are true and correct.

We hope this clarifies the information contained in said article.

Very truly yours,

ALSONS CONSOLIDATED RESOURCES, INC.

Alsons Power's Sarangani Energy Corporation Inks Power Sales Agreement with another South Cotabato Power Coop

The Sarangani Energy Corporation (SEC) - a subsidiary of Alsons Consolidated Resources, Inc. (ACR) - the publicly-listed company of the Alcantara Group - signed a power sales agreement (PSA) with the South Cotabato I Electric Cooperative, Inc. (SOCOTECO-I). Under the agreement, SEC will provide SOCOTECO-I with 10 Mega Watts (MW) of electrical capacity from SEC's 210 MW coal-fired power plant in Maasim, Sarangani.

The SEC Sarangani Plant will have two 105 MW phases. The 10 MW allotted to SOCOTECO-1 will be coming from the 2nd phase of the SEC plant which is expected to be operational by 2016. The full 105 MW capacity of the SEC plant's 1st phase has already been sold out with the bulk of the output cornered by another South Cotabato distribution utility- the South Cotabato 2 Electric Cooperative, Inc. (SOCOTECO II) which will be getting 70 MW. Other off-takers for Phase 1 of the SEC Plant include the Agusan Del Norte Electric Cooperative (ANEKO), the Agusan Del Sur Electric Cooperative, Inc. (ASELCO), and the Davao Del Norte Electric Cooperative, Inc. (DANECO). Phase 1 of the SEC plant commenced construction in 2012 and is expected to begin operating in 2015. The SEC plant is intended to be part of a long-term solution to the current power shortage in Mindanao.

SOCOTECO-I serves Koronadal City and seven municipalities in South Cotabato. SOCOTECO II covers the entire Province of Sarangani, General Santos City and two South Cotabato municipalities. ANEKO covers Butuan City and other areas of Agusan Del Norte. ASELCO's service area comprises all 13 municipalities of Agusan Del Sur and Bayugan City - the province's only city. DANECO's territory encompasses the entire Province of Compostela Valley, the Davao del Norte cities of Tagum and Samal, and five municipalities of Davao del Norte.

Apart from the SEC plant, ACR is in the advanced stages of development for the 105 MW San Ramon Power, Inc. coal-fired power plant in Sitio San Ramon, Talisayan, Zamboanga City. ACR's other power subsidiaries include the Western Mindanao Power Corporation's 100 Mega Watt (MW) diesel plant in Zamboanga City, the Southern Philippines Power Corporation's 55 MW diesel plant in Sarangani Province, Mapalad Power Corporation's 98 MW Iligan Diesel Power Plant, and power plant operations and management company Alto Power Management Corporation.

Alsons Consolidated Resources, Inc. Acquires EGCO stake in Conal Holdings Corporation

Alsons Consolidated Resources, Inc. (ACR) - the publicly-listed company of the Alcantara Group-and EGCO International (B.V.I.) Limited (EGCO B.V.I.) - the wholly-owned subsidiary of the Electricity Generating Public Company Ltd., (EGCO) - Thailand's first independent power producer - have reached an agreement whereby ACR will acquire EGCO B.V.I.'s 40% equity stake in power holding company Conal Holdings Corporation (CHC).

With the acquisition of EGCO B.V.I.'s share in CHC, ACR will own 100% of the power holding company, thereby increasing the net income attributable to the parent in ACR's earnings. CHC currently has investments in the Western Mindanao Power Corporation's 100 Mega Watt (MW) diesel plant in Zamboanga City, the Southern Philippines Power Corporation's 55 MW diesel plant in Sarangani Province, and power plant operations and management company Alto Power Management Corporation.

Upon completion of the agreement, ACR will acquire full control of CHC, allowing ACR to concentrate all its power-related interests in CHC. The deal also enables ACR to consolidate its ownership and control of the Mapalad Power Corporation's 98 MW Iligan Diesel Power Plant - a recent addition to ACR's power portfolio.

The agreement will give ACR the opportunity to continue pursuing the development of new projects in Mindanao and other areas. ACR is currently focused on building new power facilities such as the Sarangani Energy Corporation's 210 MW coal-fired power plant currently undergoing construction in Maasim, Sarangani and the prospective San Ramon Power, Inc. 105 MW coal-fired power plant in Zamboanga City. EGCO as of now has chosen to invest in Philippine power projects that are established and have currently-operating power facilities such as the Quezon Power Plant in Mauban, Quezon Province.

EGCO's divestment from CONAL does not preclude the possibility of ACR and EGCO partnering in the future on certain power projects that both parties deem to be consistent with their specific capabilities and chosen strategies.

Annual Corporate Governance Report

Gentlemen:

We refer to the Commission's Memorandum Circular No. 5, Series of 2013, which imposes a penalty of Twenty Thousand (Php20,000.00) for the late filing of the Annual Corporate Governance Report. In the Commission's Memorandum Circular No. 9, Series of 2013, the Commission set the deadline for the said report at 5:00 p.m on 1 July 2013.

The Company has already had finished its Annual Corporate Governance Report. However, because the Chairman of the Board of Directors and the President/Chief Executive Officer had to travel to Tokyo, and is not scheduled to return until Tuesday, 02 July 2013, our Company was not able to submit on or before the said deadline.

The other signatories to the Report had already signed the same and acknowledged their signatures before a Notary Public. Only the Chairman was unable to sign. Under these circumstances, our Company asks that the Commission not impose the above penalty upon the Company.

As soon as possible after the Chairman's return, the Company will submit the said Report with his signature.

We hope that the Commission will favorable consider the Company's request.

2012 Alsons Consolidated Resources, Inc. Attributable Net Income Up 11.6% on 5.5 % Revenue Growth

Gearing up for a strong advance in the power and property front, Alsons Consolidated Resources, Inc. (ACR) - the publicly-listed company of the Alcantara Group- announced that the company's net income attributable to equity holders of the parent moved up 11.6% from P456 Million in 2011 to P509 Million in 2012; while consolidated revenues rose 5.5 % from P2.912 Billion to P3.073 Billion in the same period—driving up earnings per share from Php0.072 to P0.081.

ACR Chair and President Tomas I. Alcantara made the announcement during the company's annual shareholders meeting at the New World Hotel on May 24, 2013.

He said that a key driving force behind robust earnings lay in ACR-subsidiary LiMA Technology Center (LTC) in Malvar, Batangas- an industrial estate and joint venture with Japan's Marubeni Corporation, which posted a 34% upsurge in land sales and rental income and a 16% increase power and water utility sales to locators-- resulting in a rise in earnings 18.2% from P822 Million in 2011 to P972 Million in 2012. "Last year saw the entry of new locators into LTC even as existing locators chose to expand their current space within the industrial estate," he added.

Mr. Alcantara's report also cited the role of Mindanao-rooted ACR's subsidiaries- the Southern Philippines Power Corporation (SPPC) operating a 55 megawatt (MW) diesel plant in Alabel, Sarangani and the Western Mindanao Power Corporation (WMPC) operating a 100 MW diesel plant in Zamboanga City—in contributing total revenues of P2.101 Billion in 2012, up from P2.090 in 2011.

In a move that is helping blunt the impact of the Mindanao power shortage, the ACR Chair likewise announced the Alcantara Group's reacquisition and takeover last March 2013 of the Iligan Diesel Power Plant (now operated by Mapalad Power Corporation, or MPC, an ACR subsidiary), which underwent rehabilitation and repair and began operating last April. The MPC Plant now provides 26 MW of electricity to key areas in Mindanao and will eventually deliver its full capacity of 98 MW by September of this year.

Alcantara, however, added that ACR is resolved to do its share in ensuring Mindanao's power stability for the long run, as it gears up to double the current generating capacity of ACR subsidiaries to make it a supplier of one-fourth of Mindanao's power demand by 2016."With two plants going up in Sarangani and Zamboanga, we are looking forward to generate an aggregate of 463 MW - more than 1/4 of the Department of Energy's projected 2016 Mindanao peak power demand of 1,829 MW," he said.

His report showed that engineering and construction of the first 105 MW phase of the 210 MW Sarangani Energy Corporation (SEC) Plant began in 2012 with the issuance of a notice to proceed to the plant's engineering, procurement, and construction (EPC) contractor - Daelim Industrial Co., Ltd. of South Korea. "Construction kicked into high gear this year with site currently undergoing preparation for setting up of the plant's structural framework," he said. The first phase of the SEC plant is expected to begin operations in 2015.

He added that the 105 MW San Ramon Power, Inc. (SRPI) plant in Zamboanga City received an Environmental Compliance Certificate (ECC) from the Department of the Environment and Natural Resources (DENR) in March 2012 and signed on Daelim Industrial Co., Ltd. as SRPI's EPC contractor in December of 2012. "The SRPI plant is expected to begin construction later in 2013 and is scheduled to commence operating by 2016," he added.

Alsons Consolidated Resources, Inc.
News Release - May 21, 2013

Refer to: Luis R. Ymson, Jr., Chief Financial Officer, Alsons Consolidated Resources
lyr@alcantaragroup.com (02) 982 3026
Tirso G. Santillan, Executive Vice President, Alsons Power Group
tgsagc@globenet.com.ph (02) 801 8545

Alsons Power current capacity to more than double in 3 years -will supply over 1/4 of Projected Mindanao Peak Demand by 2016.

Alsons Power- the Alcantara Group's power project development and power generation management business unit is on track to produce an additional 282 Mega Watts (MW) of electrical power by 2016 to meet power-starved Mindanao's growing demand for electricity. Alsons Power's current capacity is at 181 MW coming from its three operating power facilities: the revamped Mapalad Power Corporation (MPC) plant in Iligan City - currently producing 26 MW; the Southern Philippines Power Corporation (SPPC) plant in Alabel, Sarangani - with a present generating capacity of 55 MW; and the Western Mindanao Power Corporation (WMPC) plant in Zamboanga City -with a full capacity of 100 MW.

The added 282 MW of power will come from: the MPC plant in Iligan which is expected to add 72 MW and reach full 98 MW capacity by September of this year; the first phase of the Sarangani Energy Corporation (SEC) coal-fired plant currently undergoing construction in Maasim, Sarangani which will produce 105 MW when it begins operating in 2015; and the prospective San Ramon Power, Inc. (SRPI) coal-fired plant in Zamboanga City which is slated to start producing 105 MW upon commencing operations in 2016. The resulting aggregate electrical capacity to be generated by Alsons Power in 2016 will be 463 MW -more than 1/4 of the Department of Energy's projected 2016 Mindanao peak power demand of 1,829 MW.

The SEC plant in Maasim Sarangani has completed the site clearing phase of construction with site grading, excavation and leveling currently ongoing in preparation for setting up the plant's structural framework later this year. The SRPI facility in Zamboanga secured its Environmental Compliance Certificate (ECC) from the Department of Environment and Natural Resources (DENR) and signed up Daelim Industrial Co., Ltd. of South Korea as the plant's engineering procurement and construction contractor in 2012. It is in the last stages of securing an approval from the Energy Regulatory Commission (ERC) of its Power Sales Agreement (PSA) with the Zamboanga City Electric Cooperative, Inc. (ZAMCELCO). The SRPI plant's contractor is expected to receive a notice to proceed with the engineering and construction process before the end of 2013. Both the SEC and SRPI plants have signed power sales agreements with key distribution utilities in Mindanao.

The power generation facilities being operated and developed by Alsons Power are all direct or indirect subsidiaries of publicly-listed Alsons Consolidated Resources, Inc. (ACR).

News article in the Manila Bulletin (Online Edition)

Dear Madam:

We reply to your email dated May 15, 2013 with regard to the news article entitled: "Alsons Taking in Toyota Tsusho As Zamboanga Project Equity Partner" posted in the *Manila Bulletin (Online Edition)* on May 15, 2013, which reported, among others, the following:

The power unit of Alsons Consolidated Resources Inc. (ACR) is now certain about taking in Toyota Tsusho Corporation (TTC) as equity partner on its planned 105-megawatt Zamboanga coal-fired power project.

In a chance interview, Alsons director Nicasio I. Alcantara indicated that the deal has already been firmed up for Toyota Tsusho to also corner 25-percent equity in the Zamboanga power facility which is targeted on stream around 2016.

"Toyota Tsusho will also be joining us in the Zamboanga project. They will have 25-percent share, the same as in the Sarangani project," he said.

....

We confirm the statement made by Mr. Nicasio I. Alcantara in the above article, wherein he stated that an equity deal with Toyota Tsusho in the Zamboanga power project has been firmed up. This complements our statement made last February 11, 2013 about Toyota

T

Page 2

Tsusho again being considered to be a 25-percent partner in the Zamboanga power project. We confirm to the public that an agreement in principle for Toyota Tsusho to invest in the in the Zamboanga power project has been reached, and will now be subject to the usual due diligence procedures and the final approval of the respective boards of the two companies.

We trust this clarifies the information contained in said article.

Very truly yours,
ALSONS CONSOLIDATED RESOURCES, INC.

Reply to Inquirer article dated April 8, 2013

Dear Madam:

We reply to your email dated April 8, 2013 with regard to the attached news article entitled: "Alsons seeks partners for power plant" posted in the *Inquirer.net* on April 8, 2013, which reported, among others, the following:

Manila, Philippines—Alsons Consolidated Resources Inc. of the Alcantaras is planning to tap strategic equity partners that will help fund its planned \$900-million (or roughly P36.9 billion) coal-fed power plant at the Tampakan copper-gold mine site in South Cotabato.

The potential equity partners for the 400-megawatt coal-fired power plant may include Sagittarius Mines, Inc., the proponent of the planned development of the Tampakan, which is said to hold the world's biggest known copper deposit, according to ACR chief financial officer Luis R. Ymson, Jr.

"Alsons will conduct new fund-raising to build the 400-MW plant. The whole power station for the mine will be developed by Alsons with other possible strategic partners. Sagittarius Mines, Inc. will be the sole offtaker [of the electricity to be generated by] the power plant. It can also have an equity stake in the power plant," Ymson told the Inquirer in an interview.

Ymson said the company was looking at various financing options to raise the amount needed for the power plant, which it will build through its subsidiary, Alsons Energy Development Corp.

"We are still studying, but it will be a combination of equity capital raising and project financing, including possible entry of partners to share in equity capital needs. Since it will take three years to build the plant, we will commence fund-raising four years before the mine starts operations," he said.

Alsons Energy earlier said that the preliminary project development undertakings for the power facility, such as project financing, were expected to commence within this year.

The company is expected to start generating electricity from the proposed coal plant by 2017. By the middle of 2019, the coal facility is expected to be fully operational, in time for the start of commercial operations at the Tampakan mine.

....

We confirm to all trading participants and the public that the process for financing the 400MW coal-fired power plant for the Tampakan copper-gold mine will involve the usual combination of equity and debt, and that the various options for both fundraising activities are still under study. The entry of strategic partners remains an option. We reiterate that the commencement of the fundraising and construction of the power plant project is dependent on the timing of the Tampakan mine project, allowing for four years of advance preparations to when the mine project is scheduled to commence.

We hope this clarifies the information contained in said article.

Very truly yours,

LUIS R. YMSN, JR.
Compliance Officer and
Chief Financial Officer

Dear Madam:

We reply to your email dated March 25, 2013 with regard to the attached news article entitled: "Ayala Land signs property deal with Alcantara Group" posted in the *Inquirer.net* on March 22, 2013, which reported, among others, the following:

"Property giant Ayala Land Inc. is expanding its footprint in Mindanao through a property joint-venture deal with the Alcantara group involving the redevelopment of a 25-hectare plywood factory in Davao's Lanang district into an upscale mixed-use community."

In separate disclosures to the Philippine Stock Exchange yesterday, ALI and Alsons Consolidated Resources announced that Alsons Development and Investment Co. (Aldevinco) – an investment company of the Alcantara group and one of the leading property developers in Davao City – has signed a joint venture agreement with ALI for the project.

Under the deal, the Alcantara group will contribute the land – currently the site of a hardly used plywood factory – in exchange for a 40-percent interest in the project while ALI will control 60 percent. Title to the prime Lanang property is currently held by a company jointly owned by Alsons and its parent Aldevinco.

....

We confirm to all trading participants and the public that the statements made in the above-mentioned article are true and correct, as previously disclosed in our letter to the Exchange dated March 22, 2013.

We hope this clarifies the information contained in said article.

Very truly yours,

LUIS R. YMSON, JR.

Alcantara Group and Ayala Land to Jointly Develop Integrated Mixed Use Community in Davao City

Alsons Development and Investment Company (ALDEVINCO) an investment holding company of the Alcantara Group and one of the leading property developers in Davao City, has signed a Joint Venture Agreement (JVA) with Ayala Land, Inc. (ALI) for the development of a 25-hectare integrated and mixed-use community in Lanang District, Davao City. Title to the prime Lanang property is currently held by a company jointly owned by ALDEVINCO and publicly-listed Alsons Consolidated Resources, Inc. (ACR).

The development will be allocated for residential and commercial lots, low to mid-rise towers and a retail component. This project will add more than 2,000 condominium units and approximately 7,000 square meters of leasable space to ALI's growing residential and commercial leasing portfolio, respectively.

ACR president Tomas I. Alcantara welcomes this partnership which will provide synergy between long-time Davao property market leader ALDEVINCO and property giant Ayala Land Inc.

Dear Madam:

We are pleased to submit a revised statement informing the Exchange the results of the Board of Directors meeting of Alsons Consolidated Resources, Inc. held Thursday, March 21, 2013 entitled "Alsons Consolidated profit up 12%, takes over Iligan Diesel Power Plant."

This revised statement supersedes the previous statement sent earlier, in that the second paragraph, first sentence, now reads:

"ACR President Tomas I. Alcantara reported to the Board the takeover by the Alsons Power Group of 98 Mega Watt (98 MW) Iligan Diesel Power Plant (IDPP) which it acquired from the City of Iligan through a bidding conducted in 2011."

Thank you.

Alsons Consolidated 2012 Profit up 12%, as it takes over Iligan Diesel Power Plant

Alsons Consolidated Resources, Inc. (ACR) the publicly-listed company of the Alcantara Group announced a 6% increase in revenues from P2.91 Billion in 2011 to P3.07Billion in 2012. The increased revenues came mainly from the higher sales performance of the electric and water utilities located inside the Lima Technology Center in Batangas owned by subsidiary Lima Land, Inc. Consolidated net income was 11% lower at P1.08Bn in 2012 as against P1.22Bn in 2011, but net income attributable to the parent gained 12% from P455.9MM in 2011 to P508.6MM in 2012. The bottom-line results also increased the Company's earnings per share from P0.072 in 2011 to P0.081 in 2012.

ACR president Tomas I. Alcantara reported to the Board the takeover by the Alsons Power Group of 98 Mega Watt (98 MW) Iligan Diesel Power Plant (IDPP) which it acquired from the City of Iligan through a bidding conducted in 2011. Rehabilitation work began on March 11, 2013 and the plant is expected to be able to begin operating on a ramp up basis within April 2013 with the objective of reaching its full 98MW capacity by September 2013. With this development, the plant will immediately be able act as a source of additional electrical power for Mindanao which is currently experiencing a severe power shortage. Since early 2013, major population centers including the cities of General Santos, Iligan, and Zamboanga have been going through daily power outages that have lasted for up to 8 hours in some areas.

In the same meeting, the Board also approved the payment of cash dividends of P0.016 per share on June 14, 2013 to stockholders of record on May 23, 2013. It also set the annual stockholder's meeting of the Company on May 24, 2013 with a record date of April 15, 2013.

Corporate Governance Disclosure

of

ALSONS CONSOLIDATED RESOURCES, INC.

CORPORATE GOVERNANCE GUIDELINES: DISCLOSURE SURVEY
Company Name: ALSONS CONSOLIDATED RESOURCES, INC.

Date: March 21, 2013

COMPLY

EXPLAIN

**Guideline No. 1:
DEVELOPS AND EXECUTES A SOUND BUSINESS
STRATEGY**

- 1.1 Have a clearly defined vision, mission and core values. /
- 1.2 Have a well developed business strategy. /
- 1.3 Have a strategy execution process that facilitates effective performance management, and is attuned to the company's business environment, management style and culture. /
- 1.4 Have its board continually engaged in discussions of strategic business issues. /

**Guideline No. 2:
ESTABLISHES A WELL-STRUCTURED AND FUNCTIONING
BOARD**

- 2.1. Have a board composed of directors of proven competence and integrity. /
- 2.2. Be lead by a chairman who shall ensure that the board functions in an effective and collegial manner. /
- 2.3 Have at least three (3) of thirty percent (30%) of its directors as independent directors. /
- 2.4 Have in place written manuals, guidelines and issuances that outline procedures and processes. /
- 2.5 Have Audit, Risk, Governance and Nomination & Election Committees of the board. The Company has four (4) committees, namely: Executive Committee, Audit Committee, Nomination Committee and Compensation Committee. Corporate Governance, Election and Risk matters are handled directly by the Executive Committee and the Board.
- 2.6 Have its Chairman and CEO positions held separately by individuals who are not related to each other. The Chairman/President and CEO are the same as per the Company's By-Laws.
- 2.7 Have a director nomination and election process that ensures that all shareholders are given the opportunity to nominate and elect directors individually based on the number of shares voted. /
- 2.8 Have in place a formal board and director development program. /
- 2.9 Have a corporate secretary. /

2.10	Have no shareholder agreements, by-laws provisions, or other arrangements that constrains the directors' ability to vote independently.	/	
Guideline No. 3: MAINTAINS A ROBUST INTERNAL AUDIT AND CONTROL SYSTEM			
3.1	Establish the internal audit function as a separate unit in the company which would be overseen at the Board level.	/	
3.2	Have a comprehensive enterprise-wide compliance program that is annually reviewed.	/	Reviewed Quarterly
3.3	Institutionalize quality service programs for the internal audit function.	/	
3.4	Have in place a mechanism that allows employees, suppliers and other stakeholders to raise valid issues.	/	
3.5	Have the Chief Executive Officer and Chief Audit Executive attest in writing, at least annually, that a sound internal audit, control and compliance system is in place and working effectively.	/	
Guideline No. 4: RECOGNIZES AND MANAGES ITS ENTERPRISE RISKS			
4.1	Have its board oversee the company's risk management function.	/	
4.2	Have a formal risk management policy that guides the company's risk management and compliance processes and procedures.	none	While there is no Formal Risk Management Policy, all Risks were managed by the ExCom and the Board.
4.3	Design and undertake its Enterprise Risk Management (ERM) activities on the basis of, or in accordance with, internationally recognized frameworks such as but not limited to, COSO, (The Committee of Sponsoring Organizations of the Treadway Commission) I and II.	none	While there are no Enterprise Risk Management activities, all Risks were managed by the ExCom and the Board.
4.4	Have a unit at the management level, headed by a Risk Management Officer (RMO).	none	Risk Management supervised directly by the CFO & EVP, who take the place of a Risk Management Officer (RMO).
4.5	Disclose sufficient information about its risk management procedures and processes as well as the key risks the company is currently facing including how these are being managed.	/	Company discloses all identifiable risks and available information in considering an investment/divestment proposal and is formalizing process for board.
4.6	Seek external technical support in risk management when such competence is not available internally.	/	

Guideline No. 5:**ENSURES THE INTEGRITY OF FINANCIAL REPORTS AS WELL AS ITS EXTERNAL AUDITING FUNCTION**

5.1	Have the board Audit Committee approve all non-audit services conducted by the external auditor. The Committee should ensure that the non-audit fees do not outweigh the fees earned from the external audit.	/
5.2	Ensure that the external auditor is credible, competent, and should have the ability to understand complex related party transactions, its counterparties, and valuations of such transactions.	/
5.3	Ensure that the external auditor has adequate quality control procedures.	/
5.4	Disclose relevant information on the external auditors.	/
5.5	Ensures that the external audit firm is selected on the basis of a fair and transparent tender process.	/
5.6	Have its audit committee conduct regular meetings and dialogues with the external audit team without anyone from management present.	While all meetings between the audit committee and the external audit team are attended by members of management, the former can excuse the latter from the meeting at their discretion.
5.7	Have the financial reports attested to by the Chief Executive Officer and Chief Financial Officer.	/
5.8	Have a policy of rotating the lead audit partner every five years.	/

Guideline No. 6:**RESPECTS AND PROTECTS THE RIGHTS OF ITS SHAREHOLDERS, PARTICULARLY THOSE THAT BELONG TO THE MINORITY OR NON-CONTROLLING GROUP**

6.1	Adopt the principle of "one share, one vote."	/
6.2	Ensure that all shareholders of the same class are treated equally with respect to voting rights, subscription rights and transfer rights.	/
6.3	Have an effective, secure and efficient voting system.	/
6.4	Have effective shareholder voting mechanisms such as supermajority or "majority of minority" requirements to protect minority shareholders against actions of controlling shareholders.	/
6.5	Provide all shareholders with the notice and agenda of the annual general meeting (AGM) at least thirty (30) days before a regular meeting and twenty (20) days before a special meeting.	/

6.6	Allow shareholders to call a special shareholders meeting, submit a proposal for consideration at the AGM or the special meeting, and ensure the attendance of the external auditor and other relevant individuals to answer shareholder questions in such meetings.	/	
6.7	Ensure that all relevant questions during the AGM are answered.	/	
6.8	Have clearly articulated and enforceable policies with respect to treatment of minority shareholders.	/	
6.9	Avoid anti-takeover measures or similar devices that may entrench management or the existing controlling shareholder group.	/	
6.10	Provide all shareholders with accurate and timely information regarding the number of shares of all classes held by controlling shareholders and their affiliates.	/	
6.11	Have a communications strategy to promote effective communication with shareholders.	/	
6.12	Have at least thirty percent (30%) public float to increase liquidity in the market.		The Company's current public ownership is 20% which is compliant with existing PSE requirements.
6.13	Have a transparent dividend policy.	/	
Guideline No. 7: ADOPTS AND IMPLEMENTS AN INTERNATIONALLY-ACCEPTED DISCLOSURE AND TRANSPARENCY REGIME			
7.1	Have written policies and procedures designed to ensure compliance with the PSE and SEC disclosure rules, as well as other disclosure requirements under existing laws and regulations.	/	
7.2	Disclose the existence, justification, and details on shareholders agreements, voting trust agreements, confidentiality agreements, and such other agreements that may impact on the control, ownership, and strategic direction of the company.	/	
7.3	Disclose its director and executive compensation policy.	/	
7.4	Disclose names of groups or individuals who hold 5% or more ownership interest in the company, significant cross-shareholding relationship and cross guarantees, as well as the nature of the company's other companies if it belongs to a corporate group.	/	
7.5	Disclose annual and quarterly consolidated reports, cash flow statements and special audit revisions. Consolidated financial statements shall be published within 90 days from the end of the financial year, while interim reports shall be published within 45 days from the end of the reporting period.	/	Consolidated FS are submitted within 105 days per SEC rules and interim FS within 45 days for end of reporting period.

7.6	Disclose to shareholders and the Exchange any changes to its corporate governance manual and practices, and the extent to which such practices conform to the SEC and PSE CG Guidelines.	/	
7.7	Publish and/or deliver to its shareholders in a timely fashion all information and materials relevant to corporate actions that require shareholder approval.	/	
7.8	Disclose the trading of the corporation's shares by directors, officers (or persons performing similar functions) and controlling shareholders. This shall also include the disclosure of the company's purchase of its shares from the market (e.g share buy-back program).	/	
7.9	Disclose in its annual report the principal risks to minority shareholders associated with the identity of the company's controlling shareholders; the degree of ownership concentration; cross-holdings among company affiliates; and any imbalances between the controlling shareholders' voting power and overall equity position in the company.	/	All matters mentioned are duly reported in the annual report except for the principal risks to minority shareholders associated with the identity of the controlling shareholders.
Guideline No. 8: RESPECTS AND PROTECTS THE RIGHTS AND INTERESTS OF EMPLOYEES, COMMUNITY, ENVIRONMENT, AND OTHER STAKEHOLDERS			
8.1	Establish and disclose a clear policy statement that articulates the company's recognition and protection of the rights and interests of key stakeholders specifically its employees, suppliers & customers, creditors, as well the community, environment and other key stakeholder groups.	/	As individual companies (subsidiaries)
8.2	Have in place a workplace development program.	/	
8.3	Have in place a merit-based performance incentive mechanism such as an employee stock option plan (ESOP) or any such scheme that awards and incentivizes employees, at the same time aligns their interests with those of the shareholders.		No ESOP, however there are merit-based incentives and awards given to deserving employees.
8.4	Have in place a community involvement program.	/	
8.5	Have in place an environment-related program.	/	
8.6	Have clear policies that guide the company in its dealing with its suppliers, customers, creditors, analysts, market intermediaries and other market participants.	/	

**Guideline No. 9:
DOES NOT ENGAGE IN ABUSIVE RELATED-PARTY
TRANSACTIONS AND INSIDER TRADING**

9.1	Develop and disclose a policy governing the company's transactions with related parties.	/
9.2	Clearly define the thresholds for disclosure and approval for RPTs and categorize such transactions according to those that are considered <i>de minimis</i> or transactions that need not be reported or announced, those that need to be disclosed, and those that need prior shareholder approval. The aggregate amount of RPT within any twelve (12) month period should be considered for purposes of applying the thresholds for disclosure and approval.	/
9.3	Establish a voting system whereby a majority of non-related party shareholders approve specific types of related party transactions in shareholders meetings.	/
9.4	Have its independent directors or audit committee play an important role in reviewing significant RPTs.	/
9.5	Be transparent and consistent in reporting its RPTs. A summary of such transactions shall be published in the company's annual report.	/
9.6	Have a clear policy in dealing with material non-public information by company insiders.	/
9.7	Have a clear policy and practice of full and timely disclosure to shareholders of all material transactions with affiliates of the controlling shareholders, directors or management.	/
Guideline No. 10: DEVELOPS AND NURTURES A CULTURE OF ETHICS, COMPLIANCE, & ENFORCEMENT		
10.1	Formally adopt a code of ethics and proper conduct that guides individual behavior and decision making, clarify responsibilities, and inform other stakeholders on the conduct expected from company personnel.	/
10.2	Have a formal comprehensive compliance program covering compliance with laws and relevant regulations. The program should include appropriate training and awareness initiatives to facilitate understanding, acceptance and compliance with the said issuances.	/
10.3	Not seek exemption from the application of a law, rule or regulation especially when it refers to a corporate governance issue. Should it	/

do so, it has to disclose the reason for such action as well present the specific steps being taken to finally comply with the applicable law, rule or regulation.		
10.4 Have clear and stringent policies and procedures on curbing and penalizing company or employee involvement in offering, paying and receiving bribes.	/	
10.5 Have a designated officer responsible for ensuring compliance with all relevant laws, rules, and regulation, as well as all regulatory requirements.	/	
10.6 Respect intellectual property rights.	/	
10.7 Establish and commit itself to an alternative dispute resolution system so that conflicts and difference with counterparties, particularly with shareholders and other key stakeholders, would be settled in a fair and expeditious manner.	/	

This is to certify that the undersigned reviewed the contents of this document and to the best of my knowledge and belief, the information contained set forth in this document is true, complete and correct.

Done this March 21, 2013 in Makati City, Metro Manila.

Dear Madam:

We reply to your email dated March 6, 2013 with regard to the attached news article entitled: "Alsons To Power Tampakan Mine" posted in the *Manila Bulletin (Online Edition)* on March 6, 2013, which reported, among others, the following:

"Alsons Energy Development Corporation (AEDC) – a subsidiary of Alsons Consolidated Resources, Inc. (ACR) – and Sagittarius Mines, Inc. (SMI), have entered into an agreement for the provision of electrical power to SMI's proposed mining operation in Tampakan,

....

Under the agreement, AEDC will develop a new 400 Mega Watt (MW) open cycle gas turbine and coal-fired power station, located in the Kamanga Agro-Industrial Ecozone at Barangay Kamanga in Maasim, Sarangani to supply the proposed mine.

The new power facility will be owned and operated by A/S Power Development, Inc. (APDI) – an ACR power subsidiary specifically organized to establish and manage the 400 MW plant.

...."

We confirm to all trading participants and the public that the statements made in the above-mentioned article are true and correct.

We hope this clarifies the information contained in said article.

Very truly yours,

LUIS R. YMSON, JR.

Dear Madam:

We reply to your email dated February 11, 2013 with regard to the attached news article entitled: "Alsons seeks equity partner for power projects" posted in *Inquirer.net* on February 11, 2013, which reported, among others, the following:

"MANILA, Philippines - The Alcantara-led Alsons Consolidated Resources, Inc. is considering Japan's Toyota Tsusho Corp., the trading company of the Toyota Group, as a possible equity partner for its planned \$311-million coal-fired power plant in Zamboanga City.

"A lot of companies have been coming to us, wanting to become a partner in our projects and we have refused them all (including some conglomerates intending to enter into the power generation business). Alsons is considering equity partners and Toyota Tsusho is one of them." Luis R. Ymson, Jr., chief financial officer of Alsons Consolidated, said in an interview.

...."

We confirm to all trading participants and the public that the statements made in the above-mentioned article are true and correct. The possible entry of partners in the Alsons projects will still undergo approval by the Alsons Board. We will apprise the Exchange and the investing public once these partnerships are finally approved by the Board.

We hope this clarifies the information contained in said article.

Dear Madam:

We reply to your email dated January 22, 2013 with regard to the attached news article entitled: "Alsons to secure new loans to bankroll projects" posted in *Inquirer.net* on January 21, 2013, which reported, among others, the following:

'Alsons Consolidated Resources Inc. of the Alcantara family is set to tap new loan facilities to help raise funds for roughly P14 billion worth of power projects in Mindanao.

Luis R. Ymson, Jr., chief financial officer of Alsons Consolidated, told the Inquirer that the group would need \$311 million (or roughly P12.7 billion) to fund the planned 105-megawatt coal-fed power project in Talisayan, Zamboanga City, and another P1.2 billion for the reacquisition and rehabilitation of the 105-MW Iligan diesel-fed power plant.

"We will again raise project finance loan from banks for 70 percent of the Zamboanga project cost," Ymson said.

"We already have a loan commitment with a bank for the debt portion of the Iligan rehab," he added.'

....

Alsons Consolidated Resources, Inc.
News Release – January 4, 2013

Refer to: Luis R. Ymson, Jr., Chief Financial Officer, Alsons Consolidated Resources
lyr@alcantaragroup.com (02) 982 3026

Alsons forecasts P567 Million income in 2012

Alsons Consolidated Resources, Inc. (ACR), the publicly -listed company of the Alcantara Group has said that its full-year net income attributable to the parent for 2012 is expected to hit P567.2 Million. This shows a 24% increase from the P455.9 Million the company earned in 2011. The increased net income attributable to the parent was the result of other income earned from ACR's pipeline of ongoing power projects.

Energy fees from ACR's power generation subsidiaries in Sarangani Province and Zamboanga City remained almost the same for the year, but sales and service income from the LiMa Technology Center-- a business park in Lipa-Malvar, Batangas jointly owned by ACR's Alsons Land, Inc. and the Marubeni Corporation of Japan, increased due to the expansion of major locators.

On December 12, 2012, ACR completed the financing for the first phase of its coal-fired power plant project in Maasim, Sarangani under power subsidiary Sarangani Energy Corporation (SEC). The SEC Power Plant, with a full two-phase capacity of up to 210 Mega Watts (MW), is intended to be part of a long-term solution to the current power shortage in Mindanao. The first phase of the plant will generate 105 MW of electrical power.

The construction process for phase 1 of the SEC Power Plant began in June of 2012 with the commencement of detailed design and engineering work. Geotechnical studies on the site area followed in July 2012, with more development works coming up in the first quarter of 2013 with the civil works phase of construction. Phase 1 of the SEC Power Plant is expected to begin operations by August of 2015.

With this development, ACR has now set its sights on developing its next 105 MW power plant project to be located in San Ramon Barangay Talisayan, Zamboanga City. This project will be undertaken by ACR power subsidiary San Ramon Power, Inc. (SRPI). SRPI obtained its Environmental Compliance Certificate (ECC) in early 2012 and finalized an Engineering Procurement and Construction (EPC) contract with Daelim Industrial of South Korea last December 27, 2012.

In the 1st quarter of 2012, the City Government of Iligan granted an ACR power subsidiary the right to acquire the 102 MW Iligan Diesel Plant after a successful public bidding. The transfer of ownership is currently undergoing procedural review by the Commission on Audit (COA). The final transfer will pave the way for the immediate rehabilitation and operation of the power facility, in time to provide needed electricity to the Mindanao grid by the summer months of April to June of this year.

Due to these developments, ACR is continuing to explore fund-raising initiatives, including raising equity in the international markets. The Alcantara Group, through its other subsidiaries outside of ACR, is also engaged in aquaculture and agribusiness, real property development and services. It has been an active player in the economic development of Mindanao and the rest of the Philippines for over fifty years.
